EDITOR SAYS:

The footprints of Burnet High School have been recorded by the staff before they have a chance to fade. The impressions are lasting, and though deeper and better footprints will be added through the years, these steps are really the ones that count.

Principal of Burnet Hi

Many years of struggle and hard work have secured these footprints on the previous pages. Some will be content to plod slowly along, while others will march swiftly ahead, intent on some special purpose.

Up hills, through rugged by-paths, sometimes stumbling sometimes dropping back, the footprints trudge ever onward to success, wherever it may be. —
