ANNUAL PUBLICATION
OF THE STUDENTS
OF
BURNET HIGH SCHOOL

1948

FOREWORD

The staff has tried to picture this school year, not as it should have been, but as it was. Realizing that the city of Burnet is making progress toward becoming the model small city in the U. S. A., we have tried to picture progress made in our school. As you turn these pages, may you note any progress toward what might be termed, the "Model School" in the "Model Small City."

The Editor

DEDICATION

To You, whose each daily act strengthens, weakens
or alters the character of Burnet High School—
To You, whose character is strengthened,
weakened, altered by Burnet High School—
To You, the Students we dedicate this volume
of Footprints.

F. E. McGAHAN
Superintendent
B. A., M. A.
North Texas State

Greetings:

The youth herein represented present a very real challenge when we think of not only training for worthy community membership but also training for world citizenship attitudes.

May these boys and girls have the courage always to stand for the right regardless of momentary consequences. May we as leaders, fathers and mothers, dare to tell them the truth irrespective of the cost.

F. E. McGahan

Treasured Memories

Your yearbook is a store of treasured memories. The oft repeated thrill of recollection which accompanies each new search through its pages will many times repay you for the care and consideration which has gone into its creation.

We are publishing 1948 Annuals for more than 900 Colleges and High Schools. This patronage indicates a wealth of ideas and service which has no doubt made possible the long record of our school annual achievement.
